Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Tuesday 21 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry, bright in East. Becoming cloudy, damp, windy West Coast.

Today:
Many places will stay dry with strengthening winds. There will be sunshine this morning then becoming cloudy. Light rain reaching West Coast this afternoon and evening along with southwesterly gales. Maximum temperature 17 deg C (63 deg F).

Tonight:
Cloudy and mainly dry for first part of tonight. Rain edging in later, becoming persistent by morning with heaviest rain over northwest Highlands. Strong southwest winds, gales on West Coast. Minimum temperature 11 deg C (52 deg F).

Wednesday:
Dull, wet start with southwest winds easing down. Drier, brighter weather reaching Outer Hebrides and north Highlands later in the morning, extending southeastwards during the afternoon. Westerly winds strengthening later. Maximum temperature 16 deg C (61 deg F).

Outlook for Thursday to Saturday:
A rather cloudy few days with rain at times, much of it in the west. Driest, brightest weather towards Inverness and Easter Ross. Fresh or strong west or southwesterly winds.
